FELLOWSHIPS IN MATERNAL AND CHILD HEALTH CARE

Postgraduate programs for pediatricians, obstetricians, and other doctors interested in maternal and child health, are being offered by the University of California School of Public Health at Berkeley. Fellowships, covering tuition and fees, basic support, plus an allowance for dependents, are available.

Nine-month programs in Maternal and Child Health, Health of School Age Children, Maternal Health and Family Planning are listed. A 21month program in the Care of Handicapped Children, Perinatology, and Comprehensive Care is offered, as well as three-year career development programs in pediatrics and obstetrics, combining public health and residency training. Fellowships are also available for these programs.

Applications are now being accepted for September, 1971. Interested doctors may write to: Helen M. Wallace, M.D., School of Public Health, Univ. of Calif., Berkeley, Calif. 94720.
